RE: Response to Comments on Draft Proposed Plan
for the Glendale South OU of the
San Fernando Valley Superfund Project

Dear Mr. Saebfar:

Thank you for your review of the draft Proposed Plan for the Glendale South Operable Unit. We look forward to continuing to work with your department through the remedy selection process and subsequent phases of the project, within the guidelines set forth in the National Contingency Plan. EPA notes that, once the Record of Decision has been signed, new or modified Applicable or Relevant and Appropriate Requirements are attained if EPA determines that such requirements are necessary to ensure that the remedy is protective of human health and the environment. [40 CFR Section 300.430 (f)(1)(ii)(B)(1)].

Should you have any further comments or issues to discuss, please do not hesitate to contact me at (415) 744-2260 or have your attorney contact Marcia Preston, EPA Region IX Office of Regional Counsel, at (415) 744-1388.

Sincerely,

Kevin P. Mayer
